THE CEILIDH

The fourth annual Ceilidh was held at the Granite Club on Friday January 25th, and a capacity crowd of well over three hundred attended. The evening began with the showing of coloured movies of the Trooping of the Colour last June by the 48th Highlanders. The School Corps furnished a company for this ceremony.

Highland dancing, as usual, was the feature of the evening. The Old Boys' pipe band showed terrific stamina and gave a more tuneful performance than in past years.

Ken Browne and his committee merit the congratulations of all Old Boys for a well planned and most enjoyable evening.

HOCKEY — OLD BOYS' GAME

February 2nd saw the following take to the ice in Aurora to face the School: Ernie Fry, Ross Reucassel, John Sreaton, Bill Weiss, Jim and Don Murray, Walter Somerville, Grant Edwards, Dave Caswell, Terry Malone, Chris and Barry Wansbrough and Peter Lawton. This was quite the best team the Old Boys have produced in some time and a ding dong battle was the result. In spite of the noble efforts of Caswell and Lawton who produced the goals, the School was on the long end of the 3-2 score.

ROUND AND ABOUT THE SCHOOL

The year is more than half gone; the sun becomes stronger and the daylight hours longer. The School is very much alive and carrying on with some success. **The Hockey Team** is well into another excellent season, chalking up wins over U.C.C. (3-1); O.B's (2-1); Lakefield (6-1); De La Salle (3-1); Pickering (4-1, 6-3); U.T.S. (8-3) and losses to

T.C.S. (1-2); De La Salle (3-4); Sahara U.C.C. (1-7). The **Basketballers** under **Horrie Kendall** were trimmed handily by a team of Old Boys, sparked by **Coulter Osborne**. In spite of its youth and inexperience, the **Swimming Team** under **John Allen**, a new staff-member this year, is coping well. Both physical and verbal **gymnastics** are being coached by **Hugh Warburton**. The Gym Team works regularly towards its later competitions. The **Debating Team** has had several sessions with other schools and has done well. The **Senior Play** ("The Middle Watch") guided by Bill Garstang through its "producer," a senior member of the Lit. Society, at time of writing is in its "last-lap" throes. It will be over when you get this. Perhaps not many can remember ideal conditions for **Ski Races** — well, they were far from ideal again! But — they were run-off successfully. In academics, the School Team is "pressing-on." THE major sport of the School, many boys find it rather too time-consuming and would like to drop it so that the minor sports could have more chance! Why there is even an extra academics practice called at five p.m. daily for those who need to improve their skill at the game! The **Physics Lab** has been re-furbished and re-arranged to permit greater boy-participation and more effective teaching and demonstrating. Old "**Mac House**" boys will be interested to know that team pictures have now been hung in the hall of the bottom flat. And speaking of "Mac House," Dr. "Mac" celebrated his 85th birthday on February 24th! This date is "**Founders' Day**" too. A special Chapel Service was held and so that the boys would not be "gyped," a half-holiday on Friday celebrated the occasion. We are sorry to report that **Bob Laidlaw** has been in poor health. About a month ago, he spent a week in hospital at Newmarket and Toronto whence he returned with an "all-clear" report. While resting in his quarters up in the "Annex" shortly afterwards, he suffered a heart attack and once more was taken to the York County Hospital at Newmarket where he is expected to be when you get this Bulletin. He appears to be making progress though he is not happy at being "cribbed, cabin'd, confined." **Tuddy (Mr. Tudball** — lest you should not know whom I mean!) had a session in hospital in Toronto this winter but was soon his old self again. Last seen a few days ago he was very well. He still lives in Aurora — And now with thoughts of Cadet Corps, Officers and N.C.O's Courses and Inspection — and the imminence of Cricket practices (indoors) your editors bid you adieu! (The thought to be left with you is that YOU are our reporters — no news — well — NO NEWS!)

P.S. The Andrean is now registered with the National Library, Ottawa!

The year referred to is the year of leaving S.A.C.
